## What is *Strolling Thunder*™ Alabama?

Each year, the Alabama Partnership for Children (APC) promotes the Week of the Young Child in Alabama by coordinating Joining Hands for Week of the Young Child, designed to raise awareness among local and state decision makers on the needs of young children in Alabama.

We invite all who advocate for young children to walk with us, pushing babies in strollers to help bring awareness to the vital investments needed in programs for Alabama's children. There will be activities for children, and information for adults on helping young children thrive. Help us focus public attention on the needs of young children and their families, and to recognize the early childhood programs and services that meet those needs.

## What we need from you:

As an elected official, the APC invites you to identify a family with a(n) infant(s) or toddler(s) in your county and sponsor that family to attend the *Strolling Thunder* Milestones Walk and Expo.

We hope for **EVERY** county to be represented and that you will accompany them!
